

BISHOP O'CONNELL HIGH SCHOOL

Where Tradition Transforms

Muller Academic Services Program

Muller Academic Services Program was created to:

- Assist students with documented learning disabilities to thrive in a college preparatory curriculum
- Assist students in developing good study skills and habits
- Provide small group assistance on assignments and tests
- Provide an educational environment that allows students to explore their learning styles
- Foster the students' ability to become strong self-advocates for their learning choices

Only students with documented learning disabilities are eligible for the program. Students attend a daily 45-minute study skills class in the Muller center as a part of their curriculum. They work in small groups of no more than seven with a resource teacher as the primary instructor. There are 30 spaces available for freshmen in the program; places for upperclassmen are based on availability. There is an additional \$3,150 in tuition for students enrolled in the program. Consideration for the Muller Program requires submission of this Supplemental Application with the Application for Admission. If your child does not have a documented learning disability, do not complete this form.

Questions may be directed to Mrs. Mary Newbold in the Muller Center at 703-237-1423 or mnewbold@bishopoconnell.org
